

Empowering people OF ALL ABILITIES

Children Services

Nearly 650 children and their families served; 50 children no longer needed support services after participating in our Early Intervention Program

Adult Services

Served over 1,100 people; 40% more people placed in jobs received benefits.

Transportation Services

Served over 2,400 people; made 95,352 and drove 668,895 miles.

Business Services

Provided business solutions for 23 organizations.

Our Donors Help Opportunities Grow

A Message From Our CEO

Dear Friends,

Creating opportunities for the personal growth and success of people with special needs is our business. In 2017, KAC programs continued to offer millions of opportunities to thousands of people living in Kenosha.

Opportunities for infants and toddlers to reach their developmental potential were provided to over 600 children through therapy, special education, playgroups and parent training. More than 200 adults with special needs were presented with opportunities for employment or for training programs. More than 60 of these individuals gained employment in the community. Over 1,000 elders and people with disabilities were presented opportunities to access community resources through one of KAC's transportation services.

As you can imagine, we are constantly evaluating and designing opportunities to meet the needs of individuals and our funders. Specifically, in the adult programs, there has not been much growth. To address that we have started new programs designed to engage youth prior to graduation. A successful pilot program was implemented at Central High School and is planned to be expanded in 2018. Additionally, the summer youth programs were expanded to include students throughout Kenosha and Racine counties. As we engage more youth, it brings to light our need to change in order to create the kind of opportunities people are most interested in. To those ends we have extended program hours to better accommodate working families and have experimented with community based services. We are committed to continuing to provide high quality services that are both effective and efficient.

We are thankful to all of you, our families, board of directors, donors and volunteers for your contributions of time, ideas and money. Whether you are a loyal supporter or a new volunteer I encourage you to like us on Facebook. It's an easy way to stay in touch with all the new opportunities being created and real stories of success. Together we will continue to remove barriers, change perceptions and build confidence so people with special needs can succeed.

With gratitude,

Christine Weyker
CEO
